Mobile Crisis Intervention

The mobile crisis intervention is a unique level of care for MassHealth and uninsured children and adolescents up to age 21.

Our crisis team includes a specially trained Master's level clinician, together with a family partner. A family partner is a person with lived experience taking care of a child with a serious emotional disturbance.

Our team is available 24/7, 365 days per year.

Follow Up Care

After the initial assessment and intervention, we may remain involved for up to seven days, offering children and their families ongoing support and stabilization services, including:

- Continued individual crisis counseling
- Family meetings
- School meetings
- Referrals to other community services
- Education and support for parents

Upon completion of their assessment and intervention, we provide each family with a risk management safety plan.

How to Get Referred:

To access these services, please call the crisis team.
